### About

As a current Bachelor of Computer Applications student, I am passionate about software development and computer applications. Through my coursework, I have gained knowledge and experience in programming languages such as HTML,CSS,PHP&MYSQL, C,C++,and JAVA as well as database management, web design, and computer networks. I am a detail-oriented individual with strong analytical and problem-solving skills, and I am excited to apply my skills and education in a challenging and rewarding role. I am seeking opportunities to further develop my skills and contribute to innovative software development projects.
